Dear Parents,

Re: National College Online Safety Training for Parents

At Hazelbury, we take the safety of our pupils very seriously including their safety while they access the internet, we want this approach to e-safety to spread to the home online environment too. Learning how to act safely when using the internet is an incredibly important part of safeguarding our children. With the internet so readily accessible, the most effective approach to online safety needs everyone involved, including parents and carers.

We have joined up with National College to offer free interactive online safety training courses, explainer videos and weekly guides for our parents.

The short courses can be taken at your own convenience and covers:

- Information about online dangers and the newest platforms
- What online risks to look out for and how to protect your child

To create your account, please follow <https://nationalonlinesafety.com/enrol/hazelbury-primary-school> and complete your details. When you're set up, you'll be able to set 'Parent/Carer' as your user type.

Once you have registered, you will be able to access the 'Online Safety for Parents' courses along with the National Online Safety's resources. This aims to help empower parents with the knowledge to protect their children from the dangers of the internet.

You can download the free National Online Safety app using the links below:

- [App store](#)
- [Google Play](#)

I hope you'll sign-up and make the most of their resources.

Yours sincerely,

Tanya Saunders
Assistant Headteacher
